Dear Joshua:

13

I am delighted to learn that you can switch the date of the Mueller Lecture to November 20th. I would have answered sooner but it has taken a little time to shift a talk I had scheduled out of town on the same date. I think your title is fine, and I am sure you will come out with a very tasty mixture of facts and fancy. Since Thursday afternoon is free time for the medical students, we cannot guarantee a full class of 130. But they've heard your name in so many connections that I'm sure all of the bright and curious ones will be there.

I am glad to hear that Esther will probably be coming. In any case, we will have accommodations at the Dana Palmer House for the two of you for the 19th and the 20th.

12

13 Sincerely,

Bernard D. Davis
